

```
champsim::circular  
_buffer_iterator::operator-=
```

A diagram illustrating a transition between two states. On the left, a gray rectangular box contains the text 'champsim::circular' followed by '_buffer_iterator::operator-='. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'champsim::circular' followed by '_buffer_iterator::operator+='. Both boxes have a thin black border.

```
champsim::circular  
_buffer_iterator::operator+=
```
